Prior to the expiration or termination of the 30-year period of restricted use by the GRANTEE, such use may be either exclusive or non-exclusive and shall not impose any obligation upon the Government to pay rent or any other fees or charges during the period of emergency, except that the Government shall (i) bear the entire cost of maintenance of such portion of the property used by it exclusively or over which it may have exclusive possession or control, (ii) pay the fair share, commensurate with the use, of the cost of maintenance of such of the property as it may use non-exclusively or over which it may have non-exclusive possession or control, (iii) pay a fair rental for the use of improvements or additions to the premises made by the GRANTEE without Government aid, and (iv) be responsible for any damage to the property caused by its use--reasonable wear and tear and acts of God and the common enemy excepted. Subsequent to the expiration or termination of the 30-year period of restricted use, the obligations of the Government shall be as set out in the preceding sentence, and, in addition, the Government shall be obligated to pay a fair rental for all or any portion of the conveyed premises which it uses.

In the event title to the above-described premises is reverted to the United States of America for noncompliance or voluntarily reconveyed in lieu of reverter, the GRANTEE, at the option of the Department of Health, Education, and Welfare, or its successor in function, shall be responsible

and shall be required to reimburse the United States of America for the decreased value of the above-described property not due to reasonable wear and tear, to acts of God, or to alterations and conversions made by the GRANTEE to adapt the property to the use for which the property was acquired. The United States of America shall, in addition thereto, be reimbursed for such damages, including such costs as may be incurred in recovering title to or possession of the above-described property, as it may sustain as a result of the noncompliance.

ITEM: Fire Department Request to Purchase New UTV

ORIGINATING DEPARTMENT: Fire Department
ATTACHMENT:
1. Neosho Fire Department 10-02-2025

PURPOSE:
The purpose of this item is to seek council's approval to purchase a new UTV for the Fire Department.

BACKGROUND:
We have long since needed a UTV to use for firefighting as well as rescue and removal of victims who are injured in a wooded area that is not accessible by road. This unit has the capability to do both. It is 4-wheel drive and will give us access to areas in the park on the bike trails where victims could get injured, and we have no road access. The only option is to carry the victim out on uneven terrain and possibly suffer an injury to our personnel or worse, to add additional injury to a victim who is already injured. This UTV is being purchased through a state bid contract.
Heritage John Deere(CC250855005) $19,434.36.

The Contractor and/or subcontractor shall furnish the City prior to beginning the work, the policy as specified in subparagraph (d), and satisfactory proof of carriage of all the insurance required by this contract, with the provision that policies shall not be canceled, modified or non-renewed without thirty (30) days written notice to the City of Neosho.

h. Legislative or Judicial Changes. In the event the scope or extent of the City's tort liability as a governmental entity as described in Section 537.600 through 537.650 RSMo is broadened or increased during the term of this agreement by legislative or judicial action, the City may require Contractor, upon 10 days written notice, to execute a contract addendum whereby the Contractor agrees to provide, at a price not exceeding Contractor's actual increased premium cost, additional liability insurance coverage as the City may require to protect the City from increased tort liability exposure as the result of such legislative or judicial action. Any such additional insurance coverage shall be evidenced by an appropriate certificate of insurance and shall take effect within the time set forth in the addendum.

18. The undersigned submits and attaches to this proposal the following items: Bid Guaranty, E-Verify documentation as stated above in item 15, Signature and Identity of Bidder statement, Bidder's Acknowledgment statement, Anti-Collusion statement, and the Subcontractor Certification Regarding Affirmative Action statement.

The awarded Contractor and its subcontractor(s) shall require all such employees to complete this ten-hour program, pursuant to 292.675 RSMo, unless they hold documentation on their prior completion of said program. Penalties for non-compliance include Contractor forfeiture to Neosho, Missouri in the amount of $2,500, plus $100 per contractor and subcontractor employee for each calendar day such employee is employed beyond the elapsed time period for required program completion under 292.675 RSMo.

20. "OR EQUAL", "OR APPROVED ALTERNATE" CLAUSE: Whenever material or article required is specified or shown on the plans by using the name of the proprietary product or of a particular manufacturer or vendor, any material or article that will perform adequately the duties imposed by the general design will be considered an equal alternate, and satisfactory, providing the material or article so proposed is of equal substance and function in the Engineer's opinion. However, substitute items shall not be purchased or installed without the Engineer's written approval. Descriptive data on any item offered as an equal or as an alternate must be submitted to the Engineer at least fourteen (14) days prior to the bid opening and the Engineer will issue addenda prior to bid opening identifying manufacturers of approved equipment.

21. WAIVER AND RELEASE OF LIEN AND CONTRACTOR'S CERTIFICATE: Prior to Substantial Completion by the CONTRACTOR of the Project, and prior to the receipt of payment of any amount in excess of ninety-five percent (95%) of the total final contract dollar amount, the CONTRACTOR shall obtain and deliver in duplicate to the OWNER, through the Engineer, a notarized Waiver and Release of Lien and a notarized Affidavit of Compliance with the Prevailing Wage Law (Form PW-4), in the form attached hereto, from all manufacturers, materialmen, subcontractors, and others furnishing services and/or materials for the Project.

23. EXISTING SITE CONDITIONS DOCUMENTATION: Prior to beginning construction, the

CONTRACTOR shall be responsible for documenting the condition of existing improvements, (fences, sidewalks, driveways, roads, trees, yards, etc.) by taking detailed photographs and/or videos. The documentation will be used to settle claims against the CONTRACTOR for damage to existing improvements. If documentation does not exist to settle land disputes, the Resident Project Representative's judgment shall be relied upon.

24. PUBLIC SAFETY: The CONTRACTOR shall maintain the construction site at all times in such a manner as to protect the public's safety. This includes maintaining safety barriers during and after construction hours. The CONTRACTOR will be issued a written notice from the Resident Project Representative or Engineer for each violation found. THE E-VERIFY PROGRAM FOR EMPLOYMENT VERIFICATION

MEMORANDUM OF UNDERSTANDING

ARTICLE I

PURPOSE AND AUTHORITY

This Memorandum of Understanding (MOU) sets forth the points of agreement between the Social Security Administration (SSA), the Department of Homeland Security (DHS) and **APAC Central, Inc.** (Employer) regarding the Employer's participation in the Employment Eligibility Verification Program (E-Verify). E-Verify is a program in which the employment eligibility of all newly hired employees will be confirmed after the Employment Eligibility Verification Form (Form I-9) has been completed.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note).

ARTICLE II

FUNCTIONS TO BE PERFORMED

A. RESPONSIBILITIES OF THE SSA

1. Upon completion of the Form I-9 by the employee and the Employer, and provided the Employer complies with the requirements of this MOU, SSA agrees to provide the Employer with available information that allows the Employer to confirm the accuracy of Social Security Numbers provided by all newly hired employees and the employment authorization of U.S. citizens.

2. The SSA agrees to provide to the Employer appropriate assistance with operational problems that may arise during the Employer's participation in the E-Verify program. The SSA agrees to provide the Employer with names, titles, addresses, and telephone numbers of SSA representatives to be contacted during the E-Verify process.

3. The SSA agrees to safeguard the information provided by the Employer through the E-Verify program procedures, and to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security Numbers and for evaluation of the E-Verify program or such other persons or entities who may be authorized by the SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).

4. SSA agrees to establish a means of automated verification that is designed (in conjunction with DHS's automated system if necessary) to provide confirmation or tentative nonconfirmation of U.S. citizens' employment eligibility and accuracy of SSA records for both citizens and aliens within 3 Federal Government work days of the initial inquiry.

8. DHS agrees to establish a means of secondary verification (including updating DHS records as may be necessary) for employees who contest DHS tentative nonconfirmations and photo non-match tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

C. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the notices supplied by DHS in a prominent place that is clearly visible to prospective employees.

2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted regarding E-Verify.

3. The Employer agrees to become familiar with and comply with the E-Verify Manual.

4. The Employer agrees that any Employer Representative who will perform employment verification queries will complete the E-Verify Tutorial before that individual initiates any queries.

A. The employer agrees that all employer representatives will take the refresher tutorials initiated by the E-Verify program as a condition of continued use of E-Verify.

B. Failure to complete a refresher tutorial will prevent the employer from continued use of the program.

5. The Employer agrees to comply with established Form I-9 procedures, with two exceptions:

- If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2 (b) (1) (B)) can be presented during the Form I-9 process to establish identity).
- If an employee presents a DHS Form I-551 (Permanent Resident Card) or Form I-766 (Employment Authorization Document) to complete the Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The employer will use the photocopy to verify the photo and to assist the Department with its review of photo non-matches that are contested by employees. Note that employees retain the right to present any List A, or List B and List C, documentation to complete the Form I-9. DHS may in the future designate other documents that activate the photo screening tool.

6. The Employer understands that participation in E-Verify does not exempt the Employer from the responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, except for the following modified requirements applicable by reason of the Employer's participation in E-Verify: (1) identity documents must have photos, as described in paragraph 5 above; (2) a

a photo non-match, does not mean, and should not be interpreted as, an indication that the employee is not work authorized. In any of the cases listed above, the employee must be provided the opportunity to contest the finding, and if he or she does so, may not be terminated or suffer any adverse employment consequences until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo non-match, then the Employer can find the employee is not work authorized and take the appropriate action.

11. The Employer agrees to comply with section 274B of the INA by not discriminating unlawfully against any individual in hiring, firing, or recruitment or referral practices because of his or her national origin or, in the case of a protected individual as defined in section 274B(a)(3) of the INA, because of his or her citizenship status. The Employer understands that such illegal practices can include selective verification or use of E-Verify, discharging or refusing to hire eligible employees because they appear or sound "foreign", and premature termination of employees based upon tentative nonconfirmations, and that any violation of the unfair immigration-related employment practices provisions of the INA could subject the Employer to civil penalties pursuant to section 274B of the INA and the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-7688 or 1-800-237-2515 (TDD).

12. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

13. The Employer agrees that it will use the information it receives from the SSA or DHS pursuant to E-Verify and this MOU only to confirm the employment eligibility of newly-hired employees after completion of the Form I-9. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords) to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU.

14. The Employer acknowledges that the information which it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a (i) (1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)), and that any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

15. The Employer agrees to allow DHS and SSA, or their authorized agents or designees, to make periodic visits to the Employer for the purpose of reviewing E-Verify -related records, i.e., Forms I-9, SSA Transaction Records, and DHS verification records, which were created during the Employer's participation in the E-Verify Program. In addition, for the purpose of evaluating E-Verify, the Employer agrees to allow DHS and SSA or their authorized agents or designees, to interview it regarding its experience with E-Verify, to interview employees hired during E-Verify use concerning their experience with the pilot, and to make employment and E-Verify related records available to DHS and the SSA, or their designated agents or designees. Failure to comply with the terms of this paragraph may lead DHS to terminate the Employer's access to E-Verify.

the Employer issues a tentative nonconfirmation based upon a photo non-match. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible after the Employer receives it.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will provide the employee with a referral letter and instruct the employee to contact the Department through its toll-free hotline within 8 Federal Government work days.

5. If the employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will provide the employee with a referral letter to DHS. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will send a copy of the employee's Form I-551 or Form I-766 to DHS for review by:

- Scanning and uploading the document, or
- Sending a photocopy of the document by an express mail account (furnished and paid for by DHS).

7. The Employer understands that if it cannot determine whether there is a photo match/non-match, the Employer is required to forward the employee's documentation to DHS by scanning and uploading, or by sending the document as described in the preceding paragraph, and resolving the case as specified by the Immigration Services Verifier at DHS who will determine the photo match or non-match.

ARTICLE IV

SERVICE PROVISIONS

The SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access the E-Verify System, an Employer will need a personal computer with Internet access.

ARTICLE V

PARTIES

This MOU is effective upon the signature of all parties, and shall continue in effect for as long as the SSA and DHS conduct the E-Verify program unless modified in writing by the mutual consent of all parties, or terminated by any party upon 30 days prior written notice to the others. Any and all system enhancements to the E-Verify program by DHS or SSA, including but not limited to the E-Verify checking against additional data sources and instituting new verification procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes. DHS agrees to train employers on all changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify manual. Even

The form and limits of such insurance, together with the underwriter thereof in each case, are subject to approval by the City of Neosho. Regardless of such approval, it shall be the responsibility of the contractor to maintain adequate insurance coverage at all times during the term of the Contract. Failure of the Contractor to maintain coverage shall not relieve it of any contractual responsibility or obligation or liability in general or under the Contract Documents.

The certificates of insurance, including evidence of the required endorsements hereunder or the policies, shall be filed with the City within ten (10) days after the date of the receipt of Notice of Award of the Contract to the Contractor and prior to the start of work. As of January 1, 2017, the minimum coverage for the insurance referred to herein shall be as set out below:

a. **Workers' Compensation**.... Statutory coverage per RSMo 287.010 et seq

Employer's Liability..... $1,000,000.00

Contractor agrees to cause its insurer to name City as an additional insured on such insurance policy, including the City as an additional insured for coverage under its products-completed operations hazard, and said policy shall be primary and noncontributory.

The Owner's and Contractor's Protective Liability Insurance must:

(1) Be a separate policy with the named insured being: The City of Neosho, and

(2) Contain an endorsement that disclaims coverage for any claim barred by the doctrines of sovereign immunity or official immunity, except attorney's fees and other litigation costs incurred in defending a claim. Nothing contained in this policy (or this endorsement thereto) shall constitute any waiver of whatever kind of these defenses or sovereign immunity or official immunity for any monetary amount whatsoever.

As an option to a separate policy, the Contractor may provide insurance with a Designated Construction Project General Aggregate Limit endorsement.

e. Builders Risk Insurance for contracts involving unoccupied structures. The Contractor shall secure All Risk Builder's Risk Insurance. Unless specifically authorized by the City, the amount of such insurance shall not be less than the total contract price.

In the event the scope or extent of the City's tort liability as a governmental entity as described in Section 537.600 through 537.650 RSMo is broadened or increased during the term of this agreement by legislative or judicial action, the City may require Contractor, upon 10 days written notice, to execute a contract addendum whereby the Contractor agrees to provide, at a price not exceeding Contractor's actual increased premium cost, additional liability insurance coverage as the City may require to protect the City from increased tort liability exposure as the result of such legislative or judicial action. Any such additional insurance coverage shall be evidenced by an appropriate certificate of insurance and shall take effect within the time set forth in the addendum.

The awarded Contractor and its subcontractor(s) shall require all such employees to complete this ten-hour program, pursuant to 292.675 RSMo, unless they hold documentation on their prior completion of said program. Penalties for non-compliance include Contractor forfeiture to Neosho, Missouri in the amount of $2,500, plus $100 per contractor and subcontractor employee for each calendar day such employee is employed beyond the elapsed time period for required program completion under 292.675 RSMo.

"OR EQUAL", "OR APPROVED ALTERNATE" CLAUSE: Whenever material or article required is specified or shown on the plans by using the name of the proprietary product or of a particular manufacturer or vendor, any material or article that will perform adequately the duties imposed by the general design will be considered an equal alternate, and satisfactory, providing the material or article so proposed is of equal substance and function in the Engineer's opinion. However, substitute items shall not be purchased or installed without the Engineer's written approval. The documentation will be used to settle claims against the CONTRACTOR for damage to existing improvements. If documentation does not exist to settle land disputes, the Resident Project Representative's judgment shall be relied upon.

24. PUBLIC SAFETY: The CONTRACTOR shall maintain the construction site at all times in such a manner as to protect the public's safety. This includes maintaining safety barriers during and after construction hours. The CONTRACTOR will be issued a written notice from the Resident Project Representative or Engineer for each violation found. TYPICAL SECTION THRU CONSTRUCTION ENTRANCE
N.T.S.

NOTES:
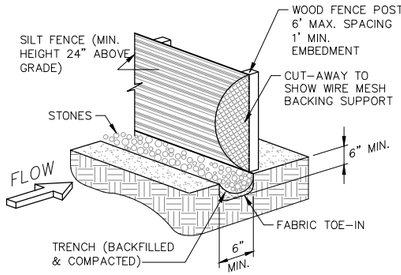
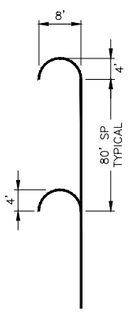
1. WHEN NECESSARY, EQUIPMENT/VEHICLES SHALL BE CLEANED TO REMOVE SEDIMENT PRIOR TO ENTRANCE ONTO A PUBLIC ROADWAY. WHEN WASHING IS REQUIRED, IT SHALL BE DONE ON AN AREA STABILIZED WITH CRUSHED STONE WITH DRAINAGE FLOWING AWAY FROM BOTH THE PUBLIC STREET OR ROAD AND THE STABILIZED ENTRANCE. ALL SEDIMENT SHALL BE PREVENTED FROM ENTERING ANY STORM DRAIN, DITCH OR WATERCOURSE USING APPROVED METHODS.
2. THE SITE ENTRANCE SHALL BE MAINTAINED IN A CONDITION WHICH WILL PREVENT TRACKING OR FLOWING OF SEDIMENT ONTO PAVED SURFACES. THIS MAY REQUIRE PERIODIC TOP DRESSING WITH ADDITIONAL STONE AS CONDITIONS MAY REQUIRE. ALL SEDIMENT SPILLED, DROPPED, WASHED AWAY OR TRACKED ONTO PAVED SURFACES MUST BE REMOVED AS SOON AS POSSIBLE.



FILTER FABRIC SILT FENCE
N.T.S.

NOTES:
1. SILT FENCE SHALL BE SECURELY FASTENED TO EACH WOOD SUPPORT POST OR TO WOVEN WIRE. THERE SHALL BE A 6 INCH DOUBLE OVERLAP, SECURELY FASTENED WHERE ENDS OF FABRIC MEET.
2. INSPECTION SHALL BE MADE AT LEAST WEEKLY, BEFORE A KNOWN MAJOR STORM EVENT, AND AFTER EACH 0.5" RAINFALL EVENT. REPAIR OR REPLACEMENT SHALL BE MADE PROMPTLY AS NEEDED.
3. ACCUMULATED SILT SHALL BE REMOVED FROM THE UPPER SIDE OF SILT FENCE WHEN IT REACHES A DEPTH OF 8 INCHES. THE SILT SHALL BE DISPOSED ON SITE (OR AT AN APPROVED SITE) AND IN SUCH A MANNER AS TO NOT CONTRIBUTE TO ADDITIONAL SILTATION.
4. FILTER FABRIC SILT FENCE SHALL BE ENHANCED WITH STRAW BALES IF SITE CONDITIONS INDICATE THE NEED FOR ADDITIONAL FILTRATION OF RUNOFF.



NOTE:
HOOKS SHOWN LARGER FOR CLARITY

INSTALL AS NEEDED ON SLOPES WHERE SILT FENCE IS INSTALLED PARALLEL TO SLOPE.

NOTE:
FILTER FABRIC SILT FENCE/HOOKS AND STRAW BALE BARRIER LOCATIONS ARE APPROXIMATE. PLACEMENT MAY NEED ADJUSTED ACCORDING TO SITE SPECIFIC TERRAIN CONDITIONS.

CONSTRUCTION NOTE:
THE CONTRACTOR SHALL PROVIDE ANY ADDITIONAL EROSION OR POLLUTION CONTROL DEVICES AS REQUIRED DURING THE CONSTRUCTION PHASE IN ORDER TO COMPLY WITH STORM WATER DISCHARGE REGULATIONS OF THE UNITED STATES ENVIRONMENTAL PROTECTION AGENCY AND ALL OTHER AGENCIES HAVING JURISDICTION.

STRAW BALE BARRIER
N.T.S.

NOTES:
1. STRAW BALE BARRIER SHALL BE ENHANCED WITH FILTER FABRIC SILT FENCE IF SITE CONDITIONS INDICATE THE NEED FOR ADDITIONAL FILTRATION OF RUNOFF.
2. INSPECTION SHALL BE MADE AT LEAST WEEKLY, BEFORE A KNOWN MAJOR STORM EVENT, AND AFTER EACH 0.5" RAINFALL EVENT. REPAIR OR REPLACEMENT SHALL BE MADE PROMPTLY AS NEEDED.
3. ACCUMULATED SILT SHALL BE REMOVED FROM THE UPPER SIDE OF STRAW BALE WHEN IT REACHES ONE THIRD THE HEIGHT OF THE BALES. THE SILT SHALL BE DISPOSED ON SITE (OR AT AN APPROVED SITE) AND IN SUCH A MANNER AS TO NOT CONTRIBUTE TO ADDITIONAL SILTATION.

NOTE:
SEE SWPPP APPENDICES FOR ADDITIONAL INFORMATION AND EXAMPLES OF BMP'S AND REQUIRED INSPECTION AND REPORTING FORMS.

THE CONTRACTOR SHALL NAME AN INDIVIDUAL AS THE SITE ENVIRONMENTAL MANAGER RESPONSIBLE FOR ALL STORM WATER AND ENVIRONMENTAL ISSUES AT THE SITE DURING THE CONSTRUCTION OF THE PROJECT.

THE DESIGNATED ENVIRONMENTAL MANAGER FOR THE SITE IS:

_____

THE CONTRACTOR SHALL PHYSICALLY MARK IN THE FIELD THE LOCATION OF THE OUTFALL AND INDICATE THE OUTFALL NUMBER, AS SHOWN ON THE SWPPP DRAWING.

THE CONTRACTOR SHALL PENCIL IN AND KEEP CURRENT, ANY UPDATE AS NEEDED, ANY AND ALL ADDITIONS OR CHANGES TO THE STORM WATER POLLUTION PREVENTION PLAN ON THE SWPPP DRAWING, INCLUDING, BUT NOT LIMITED TO, THE LOCATION OF THE FOLLOWING ITEMS, IF APPLICABLE:

- CONSTRUCTION OFFICE
- PORTABLE TOILET(S)
- SOLID WASTE CONTAINER(S)
- FUEL STORAGE AREA
- MATERIAL STORAGE AREA(S)
- CHEMICAL STORAGE AREA(S)
- EQUIPMENT STORAGE AREA(S)
- TOP SOIL STOCKPILE AREA(S)
- ANY AND ALL ADDITIONAL INSTALLED BMP'S

THE CONTRACTOR SHALL MAINTAIN A COPY OF THE KDHE ISSUED NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) STORM WATER DISCHARGE PERMIT, A CURRENT SIGNED AND CERTIFIED COPY OF THE SWPPP, AND COPIES OF ALL COMPLETED INSPECTION AND MAINTENANCE FORMS AT THE CONSTRUCTION SITE AT ALL TIMES, AS REQUIRED. THE ISSUED STORM WATER DISCHARGE PERMIT AND THE SWPPP MUST BE AVAILABLE FOR REVIEW BY ANY AND ALL LOCAL, STATE, OR FEDERAL AUTHORIZED REGULATORY AGENCY REPRESENTATIVE UPON REQUEST.

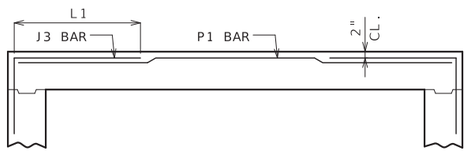
SYMMETRICAL ABOUT ℄ CULVERT.



ALTERNATE J3 BAR

AT CONTRACTOR'S OPTION, ALTERNATE J3 BARS MAY BE USED WHEN THE DISTANCE BETWEEN THE ENDS OF J3 BARS IN THE TOP SLAB IS LESS THAN 2'-0". DIMENSION L1 (NOT C1) SHALL BE USED WITH ALTERNATE J3 BARS, WHERE L1 IS EQUAL TO 18", 22" AND 28" FOR #4, #5 AND #6 BARS, RESPECTIVELY. ADDITIONAL P1 BARS ARE REQUIRED WITH ALTERNATE J3 BARS WITH A LENGTH EQUAL TO A1 BARS, AND SIZE AND SPACING EQUAL TO J3 BARS. NO ADDITIONAL PAYMENT WILL BE MADE FOR THIS SUBSTITUTION.

GENERAL NOTES:

IF DESIGN FILL IS BETWEEN TABULATED DESIGN FILLS, USE THE NEXT GREATER TABULATED DESIGN FILL, EXCEPT FOR DESIGN FILLS BETWEEN 2 FEET AND 4 FEET. FOR DESIGN FILLS BETWEEN 2 FEET AND 4 FEET USE THE MEMBER THICKNESS, AREA OF REINFORCEMENT AND BAR DIMENSIONS FROM THE 2'- 4' TABULATED DESIGN FILL.

SPECIAL DESIGNS ARE REQUIRED WHEN THE DESIGN FILL IS LESS THAN 1 FOOT OR GREATER THAN 50 FEET.

DIMENSIONS ARE IN INCHES UNLESS OTHERWISE SPECIFIED.

DESIGN FILLS ARE MEASURED FROM THE TOP OF TOP SLAB TO THE TOP OF EARTH FILL OR ROADWAY.

CULVERTS MEET STRENGTH AND SERVICEABILITY REQUIREMENTS FOR THE DESIGN VEHICULAR LIVE LOAD HL-93 MINUS THE LANE LOAD.

IF A SEAL IS PRESENT ON THIS SHEET IT HAS BEEN ELECTRONICALLY SEALED AND DATED.

The Production shall be rescheduled for a date not more than 90 Days subsequent to the date first set for the Production. The Production shall not be rescheduled to a date, or for an event, that historically has involved a fireworks production. The Production shall not be rescheduled between June 15th and July 15th unless the original date was July 4th of that same year, or between December 15th and January 15th unless the original date was December 31st of the earlier year unless PYRO agrees that such rescheduling will not adversely affect normal business operations during those periods.

If CLIENT exercises this option, CLIENT agrees to pay to PYRO, as liquidated damages, the following percentages of the Fee as set forth in Paragraph 3.1. 1) 50% if cancellation occurs 30 or more days prior to the scheduled date, 2) 75% if cancellation occurs 15 to 29 days prior to the scheduled date, 3) 100% thereafter. In the event CLIENT cancels the Production, it will be impractical or extremely difficult to fix actual amount of PYRO's damages. The foregoing represents a reasonable estimate of the damages PYRO will suffer if CLIENT cancels the Production.

15. **No Joint Venture** - It is agreed, nothing in this Agreement or in PYRO's performance of the Production shall be construed as forming a partnership or joint venture between CLIENT and PYRO. PYRO shall be and is an independent contractor with CLIENT and not an employee of CLIENT. The Parties hereto shall be severally responsible for their own separate debts and obligations and neither Party shall be held responsible for any agreements or obligations not expressly provided for herein.

16. **Applicable Law** - This Agreement and the rights and obligations of the Parties hereunder shall be construed in accordance with the laws of the State of Missouri. Any litigation, action or proceeding ensuing out of or relating to this Agreement shall be instituted in a court of competent jurisdiction, state and federal, in the City of Neosho and Newton County. In the event that the scope of the Production is reduced by authorities having jurisdiction or by either Party for safety concerns, the full dollar amounts outlined in this Agreement are enforceable.

17. **Notices** - Any Notice to the Parties permitted or required under this Agreement may be given by mailing such Notice in the United States Mail, postage prepaid, first class, addressed as follows: PYRO – **Pyro Spectaculars Midwest, LLC, 3010 Ingram Avenue, Springfield, MO 65803**. CLIENT – City of Neosho.

18. **Modification of Terms** – All terms of the Agreement are in writing and may only be modified by written agreement of both Parties hereto. Both Parties acknowledge they have received a copy of said written Agreement and agree to be bound by said terms of written Agreement only.

19. **Severability** – If there is more than one CLIENT, they shall be jointly and severally responsible to perform CLIENT's obligations under this Agreement. This Agreement shall become effective after it is executed and accepted by CLIENT and after it is executed and accepted by PYRO at PYRO's offices in Rialto, California. This Agreement may be executed in several counterparts, including faxed and emailed copies, each one of which shall be deemed an original against the Party executing same. This Agreement shall be binding upon the Parties hereto and upon their heirs, successors, executors, administrators and assigns.

20. **Price Firm** – If any changes or alterations are made by CLIENT to this Agreement or if this Agreement is not executed by CLIENT and delivered to PYRO on or before the PRICE FIRM date shown below, or if the Initial Payment is not paid on or before the due date, then the price, date, and scope of the Production are subject to review and acceptance by PYRO for a period of 15 days following delivery to PYRO of the executed Agreement. HWY 59 IMPROVEMENTS

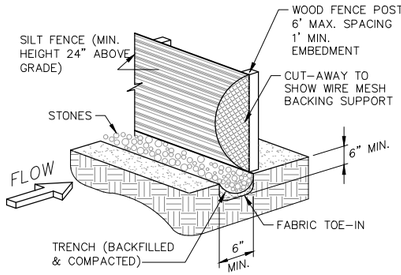
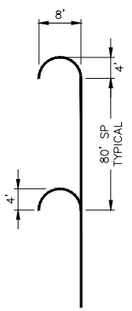
TYPICAL SECTION THRU CONSTRUCTION ENTRANCE
N.T.S.

NOTES:
1. WHEN NECESSARY, EQUIPMENT/VEHICLES SHALL BE CLEANED TO REMOVE SEDIMENT PRIOR TO ENTRANCE ONTO A PUBLIC ROADWAY. WHEN WASHING IS REQUIRED, IT SHALL BE DONE ON AN AREA STABILIZED WITH CRUSHED STONE WITH DRAINAGE FLOWING AWAY FROM BOTH THE PUBLIC STREET OR ROAD AND THE STABILIZED ENTRANCE. ALL SEDIMENT SHALL BE PREVENTED FROM ENTERING ANY STORM DRAIN, DITCH OR WATERCOURSE USING APPROVED METHODS.
2. THE SITE ENTRANCE SHALL BE MAINTAINED IN A CONDITION WHICH WILL PREVENT TRACKING OR FLOWING OF SEDIMENT ONTO PAVED SURFACES. THIS MAY REQUIRE PERIODIC TOP DRESSING WITH ADDITIONAL STONE AS CONDITIONS MAY REQUIRE. ALL SEDIMENT SPILLED, DROPPED, WASHED AWAY OR TRACKED ONTO PAVED SURFACES MUST BE REMOVED AS SOON AS POSSIBLE.



FILTER FABRIC SILT FENCE
N.T.S.

NOTES:
1. SILT FENCE SHALL BE SECURELY FASTENED TO EACH WOOD SUPPORT POST OR TO WOVEN WIRE. THERE SHALL BE A 6 INCH DOUBLE OVERLAP, SECURELY FASTENED WHERE ENDS OF FABRIC MEET.
2. INSPECTION SHALL BE MADE AT LEAST WEEKLY, BEFORE A KNOWN MAJOR STORM EVENT, AND AFTER EACH 0.5" RAINFALL EVENT. REPAIR OR REPLACEMENT SHALL BE MADE PROMPTLY AS NEEDED.
3. ACCUMULATED SILT SHALL BE REMOVED FROM THE UPPER SIDE OF SILT FENCE WHEN IT REACHES A DEPTH OF 8 INCHES. THE SILT SHALL BE DISPOSED ON SITE (OR AT AN APPROVED SITE) AND IN SUCH A MANNER AS TO NOT CONTRIBUTE TO ADDITIONAL SILTATION.
4. FILTER FABRIC SILT FENCE SHALL BE ENHANCED WITH STRAW BALES IF SITE CONDITIONS INDICATE THE NEED FOR ADDITIONAL FILTRATION OF RUNOFF.



NOTE:
HOOKS SHOWN LARGER FOR CLARITY

INSTALL AS NEEDED ON SLOPES WHERE SILT FENCE IS INSTALLED PARALLEL TO SLOPE.

NOTE:
FILTER FABRIC SILT FENCE/HOOKS AND STRAW BALE BARRIER LOCATIONS ARE APPROXIMATE. PLACEMENT MAY NEED ADJUSTED ACCORDING TO SITE SPECIFIC TERRAIN CONDITIONS.

CONSTRUCTION NOTE:
THE CONTRACTOR SHALL PROVIDE ANY ADDITIONAL EROSION OR POLLUTION CONTROL DEVICES AS REQUIRED DURING THE CONSTRUCTION PHASE IN ORDER TO COMPLY WITH STORM WATER DISCHARGE REGULATIONS OF THE UNITED STATES ENVIRONMENTAL PROTECTION AGENCY AND ALL OTHER AGENCIES HAVING JURISDICTION.

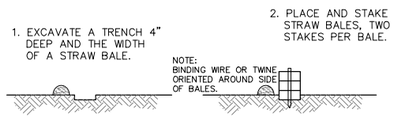
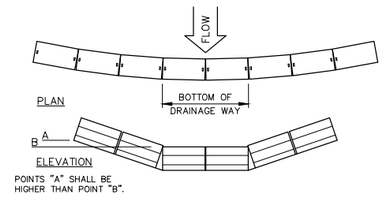
N.T.S.





STRAW BALE BARRIER
N.T.S.

NOTES:
1. STRAW BALE BARRIER SHALL BE ENHANCED WITH FILTER FABRIC SILT FENCE IF SITE CONDITIONS INDICATE THE NEED FOR ADDITIONAL FILTRATION OF RUNOFF.
2. INSPECTION SHALL BE MADE AT LEAST WEEKLY, BEFORE A KNOWN MAJOR STORM EVENT, AND AFTER EACH 0.5" RAINFALL EVENT. REPAIR OR REPLACEMENT SHALL BE MADE PROMPTLY AS NEEDED.
3. ACCUMULATED SILT SHALL BE REMOVED FROM THE UPPER SIDE OF STRAW BALE WHEN IT REACHES ONE THIRD THE HEIGHT OF THE BALES. THE SILT SHALL BE DISPOSED ON SITE (OR AT AN APPROVED SITE) AND IN SUCH A MANNER AS TO NOT CONTRIBUTE TO ADDITIONAL SILTATION.

NOTE:
SEE SWPPP APPENDICES FOR ADDITIONAL INFORMATION AND EXAMPLES OF BMP'S AND REQUIRED INSPECTION AND REPORTING FORMS.

THE CONTRACTOR SHALL NAME AN INDIVIDUAL AS THE SITE ENVIRONMENTAL MANAGER RESPONSIBLE FOR ALL STORM WATER AND ENVIRONMENTAL ISSUES AT THE SITE DURING THE CONSTRUCTION OF THE PROJECT.

THE DESIGNATED ENVIRONMENTAL MANAGER FOR THE SITE IS:

THE CONTRACTOR SHALL PHYSICALLY MARK IN THE FIELD THE LOCATION OF THE OUTFALL AND INDICATE THE OUTFALL NUMBER, AS SHOWN ON THE SWPPP DRAWING.

THE CONTRACTOR SHALL PENCIL IN AND KEEP CURRENT, ANY UPDATE AS NEEDED, ANY AND ALL ADDITIONS OR CHANGES TO THE STORM WATER POLLUTION PREVENTION PLAN ON THE SWPPP DRAWING, INCLUDING, BUT NOT LIMITED TO, THE LOCATION OF THE FOLLOWING ITEMS, IF APPLICABLE:

- CONSTRUCTION OFFICE
- PORTABLE TOILET(S)
- SOLID WASTE CONTAINER(S)
- FUEL STORAGE AREA
- MATERIAL STORAGE AREA(S)
- CHEMICAL STORAGE AREA(S)
- EQUIPMENT STORAGE AREA(S)
- TOP SOIL STOCKPILE AREA(S)
- ANY AND ALL ADDITIONAL INSTALLED BMP'S

THE CONTRACTOR SHALL MAINTAIN A COPY OF THE KDHE ISSUED NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) STORM WATER DISCHARGE PERMIT, A CURRENT SIGNED AND CERTIFIED COPY OF THE SWPPP, AND COPIES OF ALL COMPLETED INSPECTION AND MAINTENANCE FORMS AT THE CONSTRUCTION SITE AT ALL TIMES, AS REQUIRED. THE ISSUED STORM WATER DISCHARGE PERMIT AND THE SWPPP MUST BE AVAILABLE FOR REVIEW BY ANY AND ALL LOCAL, STATE, OR FEDERAL AUTHORIZED REGULATORY AGENCY REPRESENTATIVE UPON REQUEST.

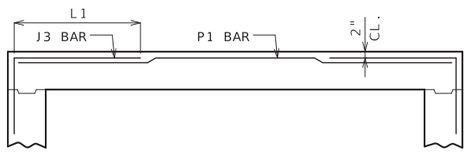
SYMMETRICAL ABOUT ℄ CULVERT.



ALTERNATE J3 BAR

AT CONTRACTOR'S OPTION, ALTERNATE J3 BARS MAY BE USED WHEN THE DISTANCE BETWEEN THE ENDS OF J3 BARS IN THE TOP SLAB IS LESS THAN 2'-0". DIMENSION L1 (NOT C1) SHALL BE USED WITH ALTERNATE J3 BARS, WHERE L1 IS EQUAL TO 18", 22" AND 28" FOR #4, #5 AND #6 BARS, RESPECTIVELY. ADDITIONAL P1 BARS ARE REQUIRED WITH ALTERNATE J3 BARS WITH A LENGTH EQUAL TO A1 BARS, AND SIZE AND SPACING EQUAL TO J3 BARS. NO ADDITIONAL PAYMENT WILL BE MADE FOR THIS SUBSTITUTION.

GENERAL NOTES:

IF DESIGN FILL IS BETWEEN TABULATED DESIGN FILLS, USE THE NEXT GREATER TABULATED DESIGN FILL, EXCEPT FOR DESIGN FILLS BETWEEN 2 FEET AND 4 FEET. FOR DESIGN FILLS BETWEEN 2 FEET AND 4 FEET USE THE MEMBER THICKNESS, AREA OF REINFORCEMENT AND BAR DIMENSIONS FROM THE 2'- 4' TABULATED DESIGN FILL.

SPECIAL DESIGNS ARE REQUIRED WHEN THE DESIGN FILL IS LESS THAN 1 FOOT OR GREATER THAN 50 FEET.

DIMENSIONS ARE IN INCHES UNLESS OTHERWISE SPECIFIED.

DESIGN FILLS ARE MEASURED FROM THE TOP OF TOP SLAB TO THE TOP OF EARTH FILL OR ROADWAY.

CULVERTS MEET STRENGTH AND SERVICEABILITY REQUIREMENTS FOR THE DESIGN VEHICULAR LIVE LOAD HL-93 MINUS THE LANE LOAD.

City of Neosho CITY COUNCIL AGENDA ITEM

REQUESTED COUNCIL MEETING DATE: October 7, 2025
ITEM: Resolution Bill No. 2025-34: Newton County Lighting Agreement

ORIGINATING DEPARTMENT: City Clerk
ATTACHMENT:

1. **Res. Bill No. 2025-34 Newton County Light Agreement**
2. **City Neosho Light Agreement-Revised to add CPI Adjustment**

PURPOSE:
To seek Council's guidance on request from the Newton County Commissioners.

BACKGROUND:
The courthouse currently has 4 lawn streetlights; the 2 on the west side of the square currently do not work. The electrical lines had been busted by heavy equipment on the lawn and aren't repairable. The only way to get underground electricity to the lights is to bore under sidewalks and a driveway. The commissioners have inquired if the city would allow them to connect to existing electric panels we currently own on each corner of the square. These boxes are utilized for events only at this time. They have offered an agreement with an annual fee for the Council to consider. Ultimately, allowing this would save taxpayers dollars to allow them to connect to existing electic panels.

RECOMMENDATION:
Approve the agreement with the Commission.

Resolution Bill No. 2025-34

A RESOLUTION of the City of Neosho, Missouri, approving an Agreement by and between the City of Neosho and Newton County, Missouri for the purpose of authorizing specific connection of electric to the existing City and authorizing the Mayor to execute the same by and on behalf of the City of Neosho.

WHEREAS, the City has available electric power located at the electric box on the sidewalk for the City of Neosho.

NOW, THEREFORE BE IT RESOLVED by the City of Neosho, Missouri as follows:

I. RELATIONSHIP

The relationship of the Subrecipient to the Missouri Highways and Transportation Commission (MHTC) shall be that of an independent contractor, not that of a joint enterpriser. The Subrecipient shall have no authority to bind the MHTC for any obligation or expense without the express prior written approval of the MHTC. "No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity, for which the Recipient receives Federal financial assistance from DOT, including NHTSA."

The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI of the Civil Rights Act of 1964 and other non-discrimination requirements (the Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973), by restoring the broad, institutional-wide scope and coverage of these nondiscrimination statutes and requirements to include all programs and activities of the Recipient, so long as any portion of the program is Federally assisted.

Specific Assurances

More specifically, and without limiting the above general Assurance, the Recipient agrees with and gives the following Assurances with respect to its Federally assisted Highway Safety Grant Program:

A. The Recipient agrees that each "activity," "facility," or "program," as defined in § 21.23(b) and (e) of 49 CFR part 21 will be (with regard to an "activity") facilitated, or will be (with regard to a "facility") operated, or will be (with regard to a "program") conducted in compliance with all requirements imposed by, or pursuant to the Acts and the Regulations.

B. The Recipient will insert the following notification in all solicitations for bids, Requests For Proposals for work, or material subject to the Acts and the Regulations made in connection with all Highway Safety Grant Programs and, in adapted form, in all proposals for negotiated agreements regardless of funding source:

"The [name of Recipient], in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that in any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award."

C. The Recipient will insert the clauses of appendix A and E of DOT Order 1050.2A in every contract or agreement subject to the Acts and the Regulations.

D. The Recipient will insert the clauses of appendix B of DOT Order 1050.2A, as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a Recipient.

E. That where the Recipient receives Federal financial assistance to construct a facility, or part of a facility, the Assurance will extend to the entire facility and facilities operated in connection therewith.

F. That where the Recipient receives Federal financial assistance in the form of, or for the acquisition of, real property or an interest in real property, the Assurance will extend to rights to space on, over, or under such property.

G. That the Recipient will include the clauses set forth in appendix C and appendix D of DOT Order 1050.2A, as a covenant running with the land, in any future deeds, leases, licenses, permits, or similar instruments entered into by the Recipient with other parties:

1. for the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and

2. for the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.

H. That this Assurance obligates the Recipient for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the Assurance obligates the Recipient, or any transferee for the longer of the following periods:

1. the period during which the property is used for a purpose for which the Federal financial assistance is extended, or for another purpose involving the provision of similar services or benefits; or

2. the period during which the Recipient retains ownership or possession of the property.

I. cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification to and approved by the Secretary of Transportation.

All items purchased must be compliant with the National Highway Traffic Safety Administration (NHTSA) interpretation of the Buy America Act including, but not limited to:

2. All vehicles, motorcycles, trailers, and other similar conveyances must be manufactured or assembled in the United States of America regardless of cost.

Furthermore, the State and each subrecipient will follow the guidelines of 2 C.F.R. § 200.322, Domestic Preferences for Procurements. As appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States.

F. PARTICIPATION IN NATIONAL AND STATE MOBILIZATIONS

Law enforcement agencies must participate in National and State Mobilizations including, but not limited to:

- Click It or Ticket

- Holiday Impaired Driving Campaign

Manpower authorized in law enforcement projects should include time dedicated to these mobilizations as appropriate (i.e. an Impaired Driving or HMV project can be utilized to participate in the Drive Sober or Get Pulled Over campaign, HMV or Occupant Protection projects can be utilized to participate in Click It or Ticket).

Mobilization reporting efforts shall be completed using the online mobilization reporting form located at: https://mobilization.rejis.org.

G. PURSUIT POLICIES

Law enforcement agencies are encouraged to follow the guidelines established for vehicular pursuits issued by the International Association of Chiefs of Police that are currently in effect. (23 U.S.C. 402(j))

Per the FY 24-26 Triennial Highway Safety Plan, during the last 5 years, no behavior on Missouri roadways has contributed to traffic fatalities as frequently as speed and aggressive driving. From 2017-2021, there were 2,547 fatalities involving a speeding or aggressive driver, accounting for 53% of all traffic fatalities. Speed and aggressive driving are cited in fatal crash reports as a contributing circumstance more than twice as often as impaired driving, and feedback and citation data from law enforcement agencies indicate speeds are up significantly during the last 3 years.

The 5 year average of fatality crashes have increased over the last 5 years. According to the Missouri Department of Transportation's website the 5 year average of fatalities was 910 in 2019, 934 in 2020, 947 in 2021, and 972 in 2022. The rate of fatalities from 2019 to 2020 showed a 2.57% increase, 2020 to 2021 showed a 1.37% increase, and 2021 to 2022 showed a 2.57% increase. The leading common characteristic of fatal crashes is aggressive or inattentive driving. Of the total fatal crashes in 2019, 462 were attributed to aggressive or inattentive driving. Of the total fatal crashes in 2020, 562 were attributed to aggressive or inattentive driving. Of the total fatal crashes in 2021, 548 were attributed to aggressive or inattentive driving.

The Neosho Police Department has a population of 13,328 (according to the 2023 U.S. Census Bureau) and multiple schools, businesses, and state highway systems are located within it. This creates areas with higher traffic congestion especially during rush hour times (7 a.m. - 9 a.m. and 4 p.m. - 6 p.m.) when more individuals are on the roadway commuting to and from work and school. People are often stressed, in a hurry, or distracted by their busy schedules. This is when you see people traveling at faster rates of speed and in a careless or aggressive nature.

GOALS/OBJECTIVES

As outlined in the FY24-26 Triennial Highway Safety Plan, Core Performance Measure Goals:

Based on a goal of 0 fatalities by 2030, Missouri is setting a five-year average fatality target of 897.6 by December 31, 2026.

Based on a goal of 0 serious injuries by 2040, Missouri is setting a five-year average serious injury target of 4,486.1 by December 31, 2026.

Based on a goal of 0 fatalities by 2030, Missouri is setting a five-year average speed related fatality target of 293.8 by December 31,2026.

The Neosho Police Department ultimately strives to have 0 fatalities and 0 serious injuries as a result of crashes by 2035. This would allow just over 10 years to implement our enforcement goals and make adjustments to aid in reaching 0 fatal and serious injury crashes.

Based on a goal of 0 fatalities by 2030, the Neosho Police Department is setting a five-year average serious injury target of 27.5 based on agency statistics.

Based on a goal of 0 fatalities by 2030, the Neosho Police Department is setting five-year average fatality target of 1.5 based on agency statistic.

The goal and objective is to decrease aggressive and distracted driving related crashes by increasing traffic enforcement and visibility.

PROJECT DESCRIPTION

The Neosho Police Department plans to increase the number of traffic stops for dangerous driving , during grant-funded enforcement activities to make the roadways safer for the community that we serve. Patrol officers will dedicate additional time to their regularly scheduled shifts to enforce traffic law obedience . This will require overtime compensation for the officers . To execute accurate and resolute traffic stops , some of the department's radars will need to be replaced. Officers will target areas with a high volume of traffic such as state highway systems crossing through various areas within the City of Neosho and school zones during rush hour times. Officers will also benefit from any additional training and legal updates available to assist them in performing to the best of their ability.

The following information explains the strategies your agency will use to address the traffic crash problem . This information is considered to be the Project Description and should be specific to the crash problem.

43 Identify primary enforcement locations.

All streets and highways within the city limits. The primary area of focus will be school zones and heavy traffic near businesses and highways.

44 Enter the number of enforcement periods your agency will conduct each month. 1

45 Enter the months in which enforcement will be conducted.

All months of the year, or every quarter.

46 Enter the days of the week in which enforcement will be conducted.

Any day of the week.

47 Enter the time of day in which enforcement will be conducted.

Any time of the day the extra enforcement is deemed necessary.

48 Enter the number of officers assigned during the enforcement period. 1

49 If equipment or supplies are requested to conduct this project, explain below why it is needed and how it will be used.

New radar units are necessary for the officers during traffic enforcement operations. Some of the radars are extremely dated, harder to use, and in need of repairs or replacement. We compared the cost of a brand new Stalker DSR Radar ($3,193.00) and a refurbished Stalker DSR Radar ($1,394.00). This type of radar is preferred among the officers for its quality and ease of use. With such a difference in cost we would be able to replace more of our radar units which is highly needed for our agency. We are requesting 4 refurbished radars instead of 1 new radar. The department had a good experience with our last refurbished purchase acquired with our current MODOT HMV equipment grant funding.

PROJECT EVALUATION

The MHTC will administratively evaluate this project. Evaluation will be based, at a minimum, upon the following:

1. Law enforcement compliance with state UCR, Racial Profiling, and MOCARS reporting requirements (law enforcement contracts only)
2. Timely submission of monthly reimbursement vouchers and appropriate documentation to support reimbursement for expenditures (i.e., personal services, equipment, materials)
3. Timely submission of periodic reports (i.e., monthly, quarterly) as required
4. Timely submission of the Year End Report of activity (due within 30 days after contract completion date)
5. Attaining the Goals set forth in this contract
6. Accomplishing the Objectives* established to meet the project Goals, such as:
   - Enforcement activities (planned activities compared with actual activities)
   - Programs (number and success of programs held compared to planned programs, evaluations if available)
   - Training (actual vs. anticipated enrollment, student evaluations of the class, student test scores on course examinations, location of classes, class cancellation information)
   - Equipment purchases (timely purchase of equipment utilized to support and enhance the traffic safety effort; documentation of equipment use and frequency of use)
   - Public awareness activities (media releases, promotion events, or education materials produced or purchased)
   - Other (any other information or material that supports the Objectives)
7. The project will be evaluated by the Highway Safety and Traffic Division through annual crash analysis

Evaluation results will be used to determine:
- The success of this type of activity in general and this particular project specifically;
- Whether similar activities should be supported in the future; and
- Whether grantee will receive funding for future projects

The Neosho Police Department will administratively evaluate this project. Evaluation will be based on the following:

Officers may volunteer for dedicated traffic enforcement assignments. To ensure all grant funding is utilized, officers will be assigned a necessary.

Evaluations will be conducted monthly and at the end of the project to determine if the goals and objectives outlined in this contract have been met. This includes timely equipment purchases, completed officer training, and a lower rate of injuries and fatalities in traffic crashes.

In accordance with the Acts, the Regulations, and other pertinent directives, circulars, policy, memoranda, and/or guidance, the Recipient hereby gives assurance that it will promptly take any measures necessary to ensure that:

"No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity, for which the Recipient receives Federal financial assistance from DOT, including NHTSA."

The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI of the Civil Rights Act of 1964 and other non-discrimination requirements (the Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973), by restoring the broad, institutional-wide scope and coverage of these nondiscrimination statutes and requirements to include all programs and activities of the Recipient, so long as any portion of the program is Federally assisted.

Specific Assurances

More specifically, and without limiting the above general Assurance, the Recipient agrees with and gives the following Assurances with respect to its Federally assisted Highway Safety Grant Program:

A. The Recipient agrees that each "activity," "facility," or "program," as defined in § 21.23(b) and (e) of 49 CFR part 21 will be (with regard to an "activity") facilitated, or will be (with regard to a "facility") operated, or will be (with regard to a "program") conducted in compliance with all requirements imposed by, or pursuant to the Acts and the Regulations.

B. The Recipient will insert the following notification in all solicitations for bids, Requests For Proposals for work, or material subject to the Acts and the Regulations made in connection with all Highway Safety Grant Programs and, in adapted form, in all proposals for negotiated agreements regardless of funding source:

"The [name of Recipient], in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that in any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award."

C. The Recipient will insert the clauses of appendix A and E of DOT Order 1050.2A in every contract or agreement subject to the Acts and the Regulations.

D. The Recipient will insert the clauses of appendix B of DOT Order 1050.2A, as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a Recipient.

E. That where the Recipient receives Federal financial assistance to construct a facility, or part of a facility, the Assurance will extend to the entire facility and facilities operated in connection therewith.

F. That where the Recipient receives Federal financial assistance in the form of, or for the acquisition of, real property or an interest in real property, the Assurance will extend to rights to space on, over, or under such property.

G. That the Recipient will include the clauses set forth in appendix C and appendix D of DOT Order 1050.2A, as a covenant running with the land, in any future deeds, leases, licenses, permits, or similar instruments entered into by the Recipient with other parties:

1. for the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and

2. for the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.

H. That this Assurance obligates the Recipient for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the Assurance obligates the Recipient, or any transferee for the longer of the following periods:

1. the period during which the property is used for a purpose for which the Federal financial assistance is extended, or for another purpose involving the provision of similar services or benefits; or

2. the period during which the Recipient retains ownership or possession of the property.

I. The Recipient will provide for such methods of administration for the program as are found by the Secretary of Transportation or the official to whom he/she delegates specific authority to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the Acts, the Regulations, and this Assurance.

J. The Recipient agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the Acts, the Regulations, and this Assurance.

cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification to and approved by the Secretary of Transportation.

All items purchased must be compliant with the National Highway Traffic Safety Administration (NHTSA) interpretation of the Buy America Act including, but not limited to:

1. Items valued over $5,000 per unit must be manufactured or assembled in the United States of America, or as allowed by a current Buy America Act waiver issued by the NHTSA;
2. All vehicles, motorcycles, trailers, and other similar conveyances must be manufactured or assembled in the United States of America regardless of cost.

Furthermore, the State and each subrecipient will follow the guidelines of 2 C.F.R. § 200.322, Domestic Preferences for Procurements. As appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States.

***Waiver of Buy America Requirements for De Minimis Costs and Small Grants**

Therefore, until this waiver expires or is otherwise terminated, the Buy America Act requirements stipulated above will only apply should this contract total $500,000 or more.

CONTRACT REQUIREMENTS

THE FOLLOWING REQUIREMENTS ONLY APPLY TO CONTRACTS THAT INCLUDE TRAINING

Subrecipients offering MHTC-funded courses must adhere to the following standard elements required for training contracts:

A. A course schedule must be presented to the MHTC program coordinator prior to the proposed training. The schedule should include: title of course; date(s); time; exact location; and agenda. Any changes to the course schedule must have prior approval from the MHTC.

B. Each student must complete a survey form at the completion of the workshop/training. The survey will ask a series of questions concerning adequacy of: training received; instructor's presentation; training facility/location; and worth of the training.

C. The Subrecipient must provide a sign-up sheet for every class when submitting a reimbursement request for the course (a typed list of everyone who registered is not acceptable). The sign-up sheet must capture the following information:

1. Title of the class
2. Date(s) and location of class
3. Printed Name and signature of attendees (unless otherwise prohibited)
4. Name of agency/organization of each attendee

D. To ensure the cost effectiveness of each class, every effort should be made to enroll a minimum of fifteen (15) students per class. Subrecipients must develop training plans, which include minimum enrollment strategies and anticipated costs for the class and share with the MHTC at the beginning of the project period. Should the minimum number of students registered for a class not be met, subrecipients must contact MHTC prior to proceeding with the class to review the training plan and ensure that both parties agree that adequate measures have been taken. Repeated classes with poor attendance may result in the suspension of the training award.

E. Copies of the student evaluations, number of students enrolled/number of students attending, agenda/syllabus/curriculum, and participant sign-up sheets must be retained in Subrecipient's files after the training has been conducted and available for MHTC review upon request.

THE FOLLOWING REQUIREMENTS APPLY TO LAW ENFORCEMENT AGENCIES ONLY

A. PROBLEM IDENTIFICATION

Subrecipient must develop a selected traffic enforcement plan by evaluating crash data involving fatal, disabling and moderate injuries. This will be done on an annual basis to determine the highest crash locations, to include: month of year, day of week, time of day, and causation factors. This plan must be used to determine locations utilized in site selection for conducting enforcement efforts. Any changes to the enforcement plan must be made in writing to the MHTC project coordinator in advance of enforcement efforts.

B. PROJECT ACTIVITIES

1. Enforcement activities by the Subrecipient must remain at the current level. Enforcement efforts provided by this contract must be in addition to current enforcement activities.

2. Officers will be permitted to issue multiple citations and/or written warnings to drivers who have committed several violations.

3. High visibility enforcement is a key strategy to reducing traffic crashes; therefore, law enforcement officers working overtime projects are strongly encouraged to make at least three (3) contacts per hour when conducting an enforcement project.

4. Only law enforcement work performed by a duly licensed, Peace Officer Standards and Training (POST) certified law enforcement officer will be reimbursed.

5. The Subrecipient will not be eligible for reimbursement for any individual law enforcement officer working overtime under this grant in excess of 40 hours for any two week pay period. The Subrecipient will not be eligible for reimbursement for any individual law enforcement officer working overtime under this grant where said officer is claiming to have worked as a law enforcement officer for more than 16 hours in any 24 hour period.

C. PARTNERSHIPS

Law Enforcement agencies are strongly encouraged to participate in the Law Enforcement Traffic Safety Advisory Council (LETSAC) and attend the annual conference. Agencies should also participate in local traffic safety task forces and engage in local community collaboration in traffic safety planning initiatives.

D. ALLOWABLE COSTS

Full-time, part-time and reserve officers are eligible to participate in overtime enforcement projects. Part-time and reserve officers must have the same authority as a full-time permanent officer. MHTC will reimburse Subrecipient at officer's standard rate of pay in accordance with Subrecipient policies and procedures regarding standard rate of pay and overtime rate of pay. The Subrecipient will not be reimbursed at the overtime rate for work that according to Subrecipient's own policies and procedures does not constitute overtime. Non-POST certified personnel may be allowed, at the sole discretion of MHTC, in a support/administrative role.

Officer overtime or any other costs reimbursed by this MHTC agreement must not also be requested for court-ordered recoupment on alcohol or drug-related driving cases.

Exceptions to awarded costs may be made with prior written permission of the MHTC.

E. DRUNK DRIVING ENFORCEMENT PROJECTS

1. Those officers conducting standardized field sobriety testing must have 24 hours of Standardized Field Sobriety Test training to participate in grant funded enforcement efforts.
2. **SOBRIETY CHECKPOINTS**

   Unless otherwise prohibited by state statute or appropriation,

   a) The MHTC will fund enforcement agencies to conduct sobriety checkpoints in accordance with standards outlined in the Sobriety Checkpoint Reference Manual and the Sobriety Checkpoint Supervisor Training program.

   b) Sobriety checkpoint enforcement efforts must be coupled with appropriate public information efforts to increase the perceived risk of arrest and to enhance the actual risk of arrest.

   c) Enforcement statistics and the agency's sobriety checkpoint operations plan must be submitted with reimbursement vouchers.

F. PARTICIPATION IN NATIONAL AND STATE MOBILIZATIONS

Law enforcement agencies must participate in National and State Mobilizations including, but not limited to:

- Click It or Ticket
- Drive Sober or Get Pulled Over
- Holiday Impaired Driving Campaign

Manpower authorized in law enforcement projects should include time dedicated to these mobilizations as appropriate (i.e. an Impaired Driving or HMV project can be utilized to participate in the Drive Sober or Get Pulled Over campaign, HMV or Occupant Protection projects can be utilized to participate in Click It or Ticket).

Mobilization reporting efforts shall be completed using the online mobilization reporting form located at: https://mobilization.rejis.org.

G. PURSUIT POLICIES

Law enforcement agencies are encouraged to follow the guidelines established for vehicular pursuits issued by the International Association of Chiefs of Police that are currently in effect. (23 U.S.C. 402(j))

PROBLEM IDENTIFICATION

Per the FY24-26 Triennial Highway Safety Plan, substance-impaired drivers contributed to 22% of Missouri's traffic crash fatalities during the past five years. Alcohol remains the primary contributor to substance-impaired driving crashes; however, the number of persons under the influence of prescription medications and/or illicit drugs has increased significantly over the past decade. With recreational marijuana now legal in Missouri, there are concerns this trend will continue.

Male drivers were more likely than females to be involved in substance-impaired driving crashes. During the past five years, males were responsible for 81.7% of substance-impaired driving fatalities. Ten percent of the children less than 15 years of age, who were killed in motor vehicle crashes over the last five years, were riding with a substance-impaired driver.

Depending on the jurisdiction, impaired driving offenses in Missouri are prosecuted differently. Prosecutors and judges may not always be aware of the severity of the impaired driving problem or how to best provide treatment for an offender.

Impaired driving will not only put you or your passengers in danger but also others sharing the road with you. When alcohol and drugs are consumed reaction time slows and reflexes diminish. It becomes harder to concentrate and vision is impaired. It is incredibly unsafe for anyone to operate a motor vehicle in this condition.

The City of Neosho has a population of 13,328 (according to the 2023 U.S. Census Bureau) and multiple schools, businesses, restaurants, and state highway systems are located within it. This increases the number of pedestrians our city has crossing streets and also the number of drivers we see on the roadways. Impaired drivers create dangerous circumstances for everyone they encounter on the roadway.

There were a total of 17 alcohol and/or drug-involved crashes reported by the Neosho Police Department in 2024.

The Neosho Police Department made 91 DWI arrests in 2023 and 74 DWI arrests in 2024. The more DWI arrests made, the more impaired driving crashes are prevented.

As outlined in the FY24-26 Triennial Highway Safety Plan, Core Performance Measure Goal:

Based on a goal of 0 fatalities by 2030, Missouri is setting a five-year average alcohol-involved fatality target of 232.6 by December 31, 2026.

The Neosho Police Department ultimately strives to have 0 fatalities and 0 serious injuries as a result of crashes by 2035. This would allow 10 years to implement our enforcement goals and make adjustments to aid in reaching 0 fatal and serious injury crashes.

According to the Missouri State Highway Patrol 2022 crash statistics, there were a total of 20 alcohol and drug involved crashes reported by the Neosho Police Department. Of those 20 alcohol and drug involved crashes, there were 15 people injured and 1 fatality.

Based on a goal of 0 fatalities by 2030, Neosho Police Department is setting a five-year average serious injury target of 7.5 based on agency statistics.

Based on a goal of 0 fatalities by 2030, Neosho Police Department is setting a five-year average fatality target of .5 based on agency statistics.

The goal and objective is to decrease alcohol and drug related crashes by increasing traffic enforcement and visibility .

PROJECT DESCRIPTION

The Neosho Police Department plans to increase the number of traffic stops for any traffic violations during grant-funded enforcement activities to make the roadways safer for the community that we serve. In making these traffic stops, the department hopes to remove impaired drivers off the roadway for their safety and the safety of others around them. Patrol officers will conduct special details to saturate and prevent drinking and driving. The department plans to assign 1-4 officers to patrol all areas within the city limits of Neosho, especially those with a high volume of traffic such as state highway systems and their intersections. The scheduling of these details will take into account holidays and weekends since a high number of impaired drivers are often out during these times. This will require overtime compensation for the officers. The department is also seeking the replacement of 4 light bars to make officers more visible during their enforcement details.

49 If equipment or supplies are requested to conduct this project, explain below why it is needed and how it will be used.

The four (4) light bars we are trying to replace have passed their manufacture warranty by several years. They are beginning to fail and the plastic is extremely foggy. Overhead light bars for patrol vehicles are a key piece of equipment for daily police functions. Light bars allow police officers to make traffic stops, block and protect crash scenes, drive to emergency calls, and alert drivers of officers' presence. New light bars will aid in officer and citizen safety by making officers more visible when conducting traffic stops while working enforcement details. Every time a light bar fails, an entire patrol car becomes unusable until repaired or replaced. The department's budget only allows for the replacement of one to two light bars per fiscal year.

PROJECT EVALUATION

The MHTC will administratively evaluate this project. Evaluation will be based, at a minimum, upon the following:

1. Law enforcement compliance with state UCR, Racial Profiling, and MOCARS reporting requirements (law enforcement contracts only)
2. Timely submission of monthly reimbursement vouchers and appropriate documentation to support reimbursement for expenditures (i.e., personal services, equipment, materials)
3. Timely submission of periodic reports (i.e., monthly, quarterly) as required
4. Timely submission of the Year End Report of activity (due within 30 days after contract completion date)
5. Attaining the Goals set forth in this contract
6. Accomplishing the Objectives* established to meet the project Goals, such as:
   - Enforcement activities (planned activities compared with actual activities)
   - Programs (number and success of programs held compared to planned programs, evaluations if available)
   - Training (actual vs. anticipated enrollment, student evaluations of the class, student test scores on course examinations, location of classes, class cancellation information)
   - Equipment purchases (timely purchase of equipment utilized to support and enhance the traffic safety effort; documentation of equipment use and frequency of use)
   - Public awareness activities (media releases, promotion events, or education materials produced or purchased)
   - Other (any other information or material that supports the Objectives)
7. The project will be evaluated by the Highway Safety and Traffic Division through annual crash analysis

Evaluation results will be used to determine:
- The success of this type of activity in general and this particular project specifically;
- Whether similar activities should be supported in the future; and
- Whether grantee will receive funding for future projects

The Neosho Police Department will administratively evaluate this project. Evaluation will be based on the following:

Officers may volunteer for dedicated traffic enforcement assignments. To ensure all grant funding is utilized, officers will be assigned as necessary.

Evaluations will be conducted monthly and at the end of the project to determine if the goals and objectives outlined in the contract have been met.

ADDITIONAL FUNDING SOURCES

Neosho Police Department currently receives the FY 24 Patrick Leahy Bulletproof Vest (BVP) Grant from the Bureau of Justice. They awarded $1839.47 to match half the cost to outfit 5 officers with new vests. The grant was approved and began 09/26/2024 and ends 08/31/2026.
